

ECC006 Homework 3

Q1. Complete the missing HTML and CSS

```
<!DOCTYPE html>
```

```
<html>
```

```
<head>
```

```
<title>Trillium Media Design</title>
```

```
<meta charset="utf-8">
```

```
<style>
```

```
body {
```

```
background-color: #0066CC;
```

```
color: white;
```

```
}
```

```
header {
```

```
font-family: Arial, sans-serif;
```

```
text-align: center;
```

```
}
```

```
</style>
```

```
</head>
```

```
<body>
```

```
<header><h1>Trillium Media Design</h1></header>
```

```
<p>
```

Our professional staff takes pride in its working relationship with our clients by offering personalized services

that listen to their needs, develop their target areas, and incorporate these items into a website that works.

```
</p>
```

```
</body>
```

```
</html>
```

Q2. What is the error in the second HTML example?

Problem:

There is a mistake in the <style> tag it is never closed properly. It opens twice

Here is the corrected one:

```
<!DOCTYPE html>
```

```
<html>
```

```
<head>
```

```
  <title>Trillium Media Design</title>
```

```
  <meta charset="utf-8">
```

```
  <style>
```

```
    body {
```

```
      background-color: #000066;
```

```
      color: #CCCCCC;
```

```
      font-family: Arial, sans-serif;
```

```
      font-size: 1.2em;
```

```
    }
```

```
  </style>
```

```
</head>
```

```
<body>
```

```
  <header><h1>Trillium Media Design</h1></header>
```

```
  <main>
```

```
    <p>
```

Our professional staff takes pride in its working relationship with our clients by offering personalized services

that listen to their needs, develop their target areas, and incorporate these items into a website that works.

```
    </p>
```

```
  </main>
```

```
</body>
```

```
</html>
```

The second `<style>` tag was invalid and caused the page not to render correctly. It's removed, and now the code will work as expected.
